

**UNITED STATES BANKRUPTCY COURT
EASTERN DISTRICT OF MICHIGAN**

NOTICE REGARDING Next Generation CM/ECF (NextGen)

The United States Bankruptcy Court for the Eastern District of Michigan will be upgrading its Case Management/Electronic Case Filing (CM/ECF) system to Next Generation CM/ECF (NextGen) in May 2021. NextGen is the culmination of a multi-year project headed by the Administrative Office of the U.S. Courts to provide for the current and future filing and case management needs of all CM/ECF users. NextGen will allow registered electronic filers to maintain a single login and password for PACER access and electronic filing in all NextGen federal courts (i.e. appellate, bankruptcy and district courts) in which the filers are registered. This central sign-on feature allows access to all courts in which you have permission to file. More detailed information will be made available within the coming months so stay tuned.
