

**UNITED STATES BANKRUPTCY COURT  
EASTERN DISTRICT OF MICHIGAN**

**NOTICE**

**COURT ANNOUNCES PLANNED UPGRADE  
TO THE NEXT GENERATION OF CM/ECF  
JUNE 1, 2021**

On June 1, 2021, the United States Bankruptcy Court for the Eastern District of Michigan will go live on the Next Generation of CM/ECF (NextGen). NextGen will allow registered electronic filers to maintain a single login and password for PACER access and electronic filing in all NextGen federal courts (i.e. appellate, bankruptcy and district courts) in which the filers are registered.

While filing documentation in NextGen will remain the same as with the current CM/ECF system, accessing NextGen for filing purposes will be different. Current electronic filers should start preparing for this change **now**. Detailed information regarding NextGen and instructions on how to prepare for the upgrade are available on the court's website by accessing the following link:  
**<http://www.mieb.uscourts.gov/nextgen-cmecf-information>**

Date: February 12, 2021

Todd M. Stickle  
Clerk of Court
