

**UNITED STATES BANKRUPTCY COURT  
EASTERN DISTRICT OF MICHIGAN**

**NOTICE REGARDING THE USE OF THIRD-PARTY SERVICES  
AND LIMITING ACCESS TO CASE INFORMATION AND DOCUMENTS**

Some attorneys and case participants utilize third-party services to collect and organize case filings in matters in which they are involved. Designating a third-party service as a secondary recipient of NEF's or sharing CM/ECF account credentials is strongly discouraged and could result in third parties being given access to sealed filings or other restricted information.

All CM/ECF filers are urged to use caution in computer security practices to ensure that sealed documents and restricted information to which the filer has access are not disclosed.

Furthermore, fee exempt PACER users should not share documents obtained under the exemption, unless expressly authorized by the court.
