

EASTERN DISTRICT OF MICHIGAN

NOTICE OF PLANNED PHASEOUT OF AT&T CONFERENCE LINES

The United States Bankruptcy Court for the Eastern District of Michigan (MIEB) is planning on a long-term phaseout of its AT&T conference lines and is researching as an alternative the use of Microsoft Teams Audio Conferencing technology, beginning with a Pilot Program in the Bay City Office.

Effective July 10, 2023, Chief Judge Opperman will conduct all audio conferences through Microsoft Teams Audio Conferencing. Details related to this first phase of the pilot program will be forthcoming in a separate Notice from Chief Judge Opperman. The Pilot Program will expand throughout the remainder of the year, with 100 percent participation of all MIEB Judges planned by early to mid-2024.
