

**UNITED STATES BANKRUPTCY COURT  
EASTERN DISTRICT OF MICHIGAN**

**NOTICE REGARDING PACER WRITTEN OPINION REPORT AND  
OPINION SEARCH FEATURE ON COURT'S WEB SITE**

The E-Government act of 2002 imposed a number of requirements on the courts to make court information publicly accessible on the Internet. Section 205(a)(5) of the Act requires each court to provide public Internet access to the substance of all written opinions issued after April 16, 2005. Several years ago the Eastern District of Michigan created an opinion search feature on the court's web site to provide access to court opinions. Recently, the court has also made available a Written Opinions report through PACER. This report can be found under Reports, Written Opinions. There is no charge associated with searches through the Written Opinions report.

The court will also continue to maintain the opinion search feature on the court's web site at <http://www.mieb.uscourts.gov/apps/courtOpinions/>. As a result, there are now two separate search engines to review written opinions from the court.

Dated: April 28, 2017

Katherine B. Gullo  
Clerk of Court
