

**UNITED STATES BANKRUPTCY COURT  
EASTERN DISTRICT OF MICHIGAN**

**NOTICE OF TEMPORARY RESTRICTION TO  
BUILDING ACCESS AT ALL LOCATIONS**

At the recommendation of the United States Marshal's Service, Chief Judge Daniel Opperman has approved shutting down physical access to all Bankruptcy Court building locations in the Eastern District of Michigan on the following days:

**Tuesday, January 19, 2021  
Wednesday, January 20, 2021**

The decision only affects physical access to the building. All remote Court schedules remain intact during these days and the Clerk's Office remains open for remote business including the use of CM/ECF.

Anyone requiring physical access to file documents at one of the Court's facilities should consider using the Pro Se Electronic Document Upload Program which allows the electronic filing of documents for those not represented by an attorney. The electronic system is an effective alternative to mailing or physically filing documents at the courthouse. This program can be accessed on our website at [www.mieb.uscourts.gov](http://www.mieb.uscourts.gov).

**General Customer Service**
